

COLLEGE MEN ARE FAVORING ROOSEVELT.

They Are Organizing Clubs to Aid in Bringing About His Election in November.

NEW YORK, Oct. 15.—College men throughout the country are organizing for Roosevelt. The returns from the canvass of voting students in all the colleges and universities now in progress under the direction of the American Republican College League show an overwhelming sentiment in favor of Roosevelt and Fairbanks. The enthusiasm among voting and non-voting students alike has never been equaled in a Presidential year, and reports of new clubs organized are received daily. In the Eastern States Harvard leads, with a membership of 2,000 men, and clubs have been organized at Pennsylvania, Columbia, New York University, Yale, Cornell, Princeton, Syracuse and many other colleges and universities with memberships ranging from 100 to 1,000. In the Western States Michigan has the largest club, with more than 2,100 men, and active clubs have been formed in Wisconsin, Illinois, Indiana, Minnesota, Ohio and a large number of smaller colleges.

It is expected that within the next 10 days 200 clubs will be organized, representing more than 50,000 voters and 250,000 students. These clubs are organized into State leagues, and united in the national organization, the American Republican College League.

Mr. Harry B. Kirtland, of Harvard, is president of the league, and Mr. Gaylord R. Hawkins, of Princeton, is secretary.

SOCIETY

A Pleasant Reception.

The first social function of the fall term of the Normal School, was given last night by members of the Y. W. C. A. and Y. M. C. A. to the faculty and students. To make the evening more enjoyable, a "leaf guessing" contest was added to the program as special feature, and no one present questioned but that it was the right thing in the right place. Twenty-five different kinds of leaves were gathered from the same number of trees, and the person coming the nearest to guessing them all received first prize—a copy of Emerson's "English Traits."

Since most of the leaves are more or less changing their color at this time of the year, the guessing was somewhat difficult. Strange, but true, no one was able to guess the hedge. The first prize was awarded to Mr. E. B. Harden and the Booby prize to Mr. J. W. Boyers.

During the evening the punch bowl was presided over by Miss Jennie Gaskill, who proved herself equal to the occasion. During the evening many different games were indulged in, and all unite in declaring the affair a grand success.

The two social committees deserve much credit for their successful efforts. The receiving line was as follows: Miss Abbott, E. B. Harden, Miss Smith, Guy Burnside, Miss Modewell, J. W. Reeves, Gordon Lake, Miss Wade, J. U. Boyers, Miss Snider, Harry Petty, Miss Butcher, Frank Reeves.

Will Entertain at Dinner.

Ex-Governor and Mrs. A. B. Fleming will entertain with a dinner this evening at their beautiful home on Jefferson street, in honor of Dr. and Mrs. W. H. Sands.

An Unnamed Club.

Mrs. Minnie M. Martin was hostess last evening to the club of which she is a member, but which as yet, is unchristened. The club is composed of eighteen members and at the date of the meeting next week, an appropriate name will be given this social organization. Last evening the members were entertained with finch and other games and delicious cake and ice cream were served the guests before their departure. Mrs. Martin's home was beautifully adorned with potted plants, ferns and palms, and her artistic arrangement was highly complimented.

SENATOR DANIEL WAS TOUCHED.

At the Democratic Meeting at Clarksburg of His Gold Watch—Thinks He Lost It at Speaker's Stand.

Senator Daniels seems to have been given rather rough treatment the afternoon he was here with the Democratic hippodrome, consisting of Grandpa Davis, Dave Hill and other old men, says the Telegram. It developed that he was relieved of his gold watch at the meeting. A message came here after they had gone, inquiring about the watch. It stated that it was lost at the speaker's stand and he thinks some one touched him. Those in charge of the meeting failed to get a clue and Senator Daniel will remember his visit to Clarksburg.

JUNK DEALER BUYS ASHES

OF A DISTINGUISHED EDUCATOR FOR A TWO DOLLAR BILL.

OMAHA, Neb., Oct. 15.—The ashes of Professor Robert Hauptstuck, a noted educator were brought here Thursday by Mark Moses, an Omaha junk dealer and he says he will not give them up unless he is paid several hundred dollars.

Professor Hauptstuck died last December at Alameda, California and his body was cremated. Mrs. Hauptstuck started for Germany with the ashes but fell ill on the way and died at the St. Joseph Hospital here. Papers among her effects showed she was taking the remains to Europe.

A special administrator was appointed for her estate and he sold her effects Thursday.

Moses bought for \$2 a little metallic casket. When he opened it he found it contained what he thought was some powder. It developed, however, that it contained the ashes of Professor Hauptstuck. Moses says he has been offered \$200 for the ashes but will not sell them for that.

WHITE CHIEF

IS DR. CHIVERS, WHO WILL BE AT THE FIRST BAPTIST CHURCH TO-MORROW.

Dr. Chivers has the distinction of being the only white chief of an Indian tribe. The distinction is a unique one as such an act of courtesy does not often befall the white man at the hands of the Indian. He was so honored by the Crow tribe a few weeks ago, and his thorough knowledge of this tribe and many others with which he has come in close contact, give him authority on which to speak on missionary work in those fields. His subject in the afternoon service (3 o'clock) Sunday in the First Baptist Church is "Here and There on Home Mission Fields," and the different societies of the church, the church members and the congregation are cordially invited to come and hear this distinguished speaker. Dr. E. E. Chivers is so well known all over the country that he needs no introduction to the public. He is field missionary for the Baptist Home Missionary Society with headquarters in New York, although he was formerly from Chicago.

The Wheeling Telegraph, in speaking of his address in that city says: "Pictures of various scenes that he had seen in different parts of the country, among the foreigners at Ellis Island and the red men of the West, were given by Dr. Chivers, and his talk on the work of the missionary on the home field was a thorough description of what is being and how it is being done, from east to west all over the country. The audience to hear the address was one of the largest that has been present."

In the evening Dr. Chivers will address his audience in the church, taking for his subject "Enlargement." Both of these addresses will be treated and one's vision will certainly be clarified and widened by Dr. Chivers' experience and his explanation of his method of work.

SKINNER'S TAVERN

FIGURES IN "A TRIP TO EGYPT." A NEW MUSICAL COMEDY.

A traveling man who hits this territory occasionally, handed Host Williams a theatre program yesterday that he had received at an Ohio playhouse some few days ago. The attraction was a new musical farce, entitled "A Trip to Egypt," and the first scene is in Skinner's Tavern, at the depot, and the characters assume such names as Williams, Reynolds and Taylor, the two latter clerks in the local hostelry. Various other trifles make the location unmistakable, and as the show so far has been the biggest kind of a success, Mr. Williams is very proud of his unwritten contribution. The thing that clinches the theory is that C. Herbert Kerr, who wrote the book, music and lyrics of the piece, also composed the "Beauty Doctor," and while here as personal director of that attraction made his headquarters at the Tavern and struck up a warm acquaintance with the popular proprietor.

Manager Powell is making an herculean effort to secure the show for the Grand, and the result will be known in a few days.

THE CHARGE

AGAINST THE SLAYER OF FRANCESCO MATASSO WILL BE THAT OF SHOOTING WITH INTENT TO KILL.

Coroner Amos last evening and this morning held an inquest over the remains of Francesco Matasso, the Italian who was killed near Farmington. After the examination of the physicians who had charge of the wounded man at the City Hospital and several witnesses to the shooting, the jury returned the verdict that "Francesco Matasso came to his death on the fourteenth day of October, 1904, in Marion county, from a wound inflicted on his body October 13, 1904, produced by a bullet fired from a revolver in the hands of Frank Police." The members of the jury were J. J. Lee, foreman; C. C. Wheeler, T. B. Clayton, D. J. Smith, C. Kelley and W. E. Hawkins.

Police will be given a hearing Monday on the charge of shooting with intent to kill. It will not be a case of first degree murder.

\$5,000 FIRE AT NEW MARTINSVILLE.

WHEELING, Oct. 15.—New Martinsville was visited by a disastrous fire last evening about 9 o'clock. The fire started in the residence of Mrs. Gilbert on the South Side, where there is no fire department. The flames spread rapidly and the residences of M. L. Kendall and Lewis Gilbert were destroyed before the fire got under control. The fire department saved greater loss by stretching 1,300 feet of hose across the bridge and having the fire soon under control. The loss will be \$5,000, with only \$1,600 insurance.

FIRST WARD NOTES.

By Our Regular Correspondent.

Rev. H. G. Stoetzer went to Morgantown yesterday afternoon to visit his wife, who is still there with her father, and not yet fully recovered from her former sickness. He expects to return to this city to-day.

Dr. F. M. Bailey, specialist, has moved his office from Water street to 314 Main street, where his patrons will hereafter find him even more conveniently located for consultation and private treatment.

Mr. and Mrs. W. H. Rager, of Diamond street, left the city yesterday for a visit among relatives and friends in Fayette and Greene counties, Pa. They will there come in contact with the "Tax Reform" bugaboo, which has long been approved by the Keystone State.

Will B. Jenkins, the expert torsorial manipulator on Water street, has added a new and up-to-date chair to his parlor outfit. It is a thing of beauty as well as comfort for his patrons. Will has a pride in being found with the vanguard, and not in the wake of local progress.

A Good Report.

Upon our calling at the City Hospital yesterday evening, to inquire about George Satterfield, still under treatment there for typhoid fever, we found him and all the other patients doing well. This fact had the effect of producing a spirit of buoyancy both in the superintendent and his corps of nurses while engaged in their respective duties.

Off to Fairview.

Prof. Thomas C. Moore, of Guffey street, who has been chosen as principal of the Fairview public schools, left the city for duties in that place yesterday afternoon. Mr. Moore is recognized as a popular and efficient teacher, and we shall therefore expect him to render a good account of himself.

No Longer "Statu Quo."

Fred Harr has at last got his "compromise" rendezvous up on Bridge street, the top sheeting done, and he is now debating in his mind whether to cover it with a tin or "seal lap roof," so highly recommended by Councilman Lilly. Charles D. Martin has the contract for plastering it, and expects to begin the work next Monday. Some suggest it's a bar.

Back From Clarksburg.

Charley Higginbotham, who, as a delegate from Marion Lodge No. 27, K. of P., attended the annual meeting of the Grand Lodge, held at Clarksburg during this week, returned home yesterday morning. It was decided to hold their next meeting at Martinsburg, W. Va.

Work Resumed.

We are glad to note that work on Morgantown avenue has been resumed, and this time will be pushed to a finish. Grading was begun on Thursday, and the delivery of the paving brick yesterday. It is the purpose now to pave the avenue to Maple Grove cemetery, and then on by the Industrial Company to intersect Park avenue at Coogle's, thus completing the loop. This will not only relieve both approaches to the city from the winter's mud so long dreaded in the past, but when the work is completed will make one of the finest boulevards for pleasure driving to be found in any of our cities. Everybody is in a congratulating mood, and grateful to those who have made this desired improvement possible and a near certainty.

A New Acquisition.

William D. Langdon and wife, of Masontown, Pa., have taken up their residence on East Park avenue. Mr. Langdon is a civil and mining engineer, and comes to us highly recommended, not only from the mining schools where he has taken special courses of study, but also by those whom he has formerly served. He has been engaged in the practical work of his profession from his boyhood days, and therefore no mere novice in the promotion of coal and coke, iron and steel industries, with which he has been identified, having also in his possession complete charts, maps and diagrams of the topography, geography, and geological strata of the State. He is here to engage in the interests of his profession, and whether for himself or allied with others, we wish him the greatest success.

Pleasant Social Event.

On Thursday evening about thirty young people, together with a few of the older grown, responded to an invitation from Oregon Moral and wife, of East Park, for an impromptu social entertainment, given in honor of Mr. Coleman Van Gilder, of Chicago. The parlor, hall and sitting room

were filled and overflowing with the merry guests, who always feel assured of a good time at Oregon's. After an hour or two's busy whir in chit-chat the rest of the evening was given to a program of vocal and instrumental music, interspersed with comic impersonations, which all present greatly enjoyed until the hour came when they were compelled to "gang a'gee," some alone and others more highly favored, in company with their sweethearts, possibly by rearrangement, or the happy event which thus in itself offered the golden opportunity for a private interview not put on the program.

To Be Ours at Last.

The readers of our First ward columns will recall that some weeks ago we referred to the long standing promise of a hose house in our ward, the existing conditions that made it an imperative necessity, and yet the lull of interest in its fulfillment. We are glad to note that the matter has since experienced a revival of interest, and that the city now sees its way clear to make good our hope long deferred. Accordingly, Fleming Hamilton and others, acting under T. Frank Reed, chief of the fire department, have the work well under way. They have lowered the old "lock-up" building on Market street, and put in a new floor level with the ground to permit of easy entrance and egress. They have furnished it with new doors already hung, and next propose to lift the roof and raise the building another story higher. The upper story will be provided with living rooms and a feed storage room. In the lower story, quarters will be provided for faithful "old Tom," the horse which has long done such good service in his profession, and for the new wagon and hose now ready, and promised to be as good as found within any city of the State. This is to be known as hose house No. 2, and will now be pushed to a speedy finish ready for use. We shall not then have to wait on long distance calls, or be delayed in case of emergency until supplied with aid from the other side of the river.

On the contrary, we can in a measure now protect ourselves against like disasters of fire as in the past, and feel that we are in a sense equally secure with other wards of the city, and for which fact, now to become a reality, all First warders feel truly grateful to "our city dads."

SNAP SHOTS

HIGH SCHOOL LOST.

The High School Athletic Club foot ball team was defeated by the Tiger A. C. of Clarksburg at the upriver town yesterday by the score of 11 to 0. The local team was sadly crippled, five of the regulars being unable to go. The line was the vulnerable point, no gains being made around the ends which were guarded by S. Linn and McGraw. The boys declare they received rank treatment, putting up at a bum hotel and having to walk to the grounds, while their opponents rode. The Greater Fairmont band, which is playing an engagement at Clarksburg, headed the procession to the grounds.

After Highwaymen.

(By Publishers' Press.)
GARRISON, Ky., Oct. 15.—The sheriff of Meigs county, Ohio, is searching the mountains of Carter county for the highwaymen who held up and robbed Treasurer Chase in Pomeroy of nearly \$15,000. The sheriff got his clew from a newspaper in which it was stated that the robbers are hereabouts.
